

Dry Cargo Segments

OPEN HATCH BOX

32,000 - 39,000 dwt

d'Amico Dry has a very long history servicing all types of breakbulk, unitized and project cargoes. Our experienced Open Hatch team are dedicated to servicing important industrial clients who need a reliable and efficient operator of specialist dry bulk commodities such as forest products, steels, pipes, non-ferrous metals and other project cargoes.

SUPRAMAX POOL

52,000 - 64,000 dwt

Medi Supra Pool is managed by d'Amico Dry and is operating vessels in the Supramax and Ultramax Sectors. The Pool transports a diversified cargo base sourced from a broad range of first class customers thanks to its large fleet of geared and grabbed bulk carriers varying from 52,000 to 64,000 dwt.

PANAMAX/KAMSARMAX

74,000-83,900 dwt

The Panamax section owns and operates vessels in the Panamax and Kamsarmax segments where vessels beam are 32.2 M and Loa Max 230 M. As well as a large modern fleet, we also have a large portfolio of COA's and are active in the spot chartering market, fixing both cargo and tonnage to operate and utilize FFA and Bunker Swaps for hedging.

POST PANAMAX/MINI CAPE

84,000 - 117,000 dwt

d'Amico currently owns and operates a number of modern, well designed larger vessels where the beam exceeds 32.2 M and which are becoming highly sought after by many of our customers, especially in the Pacific and Atlantic minerals trades. The vessel are all Super-Eco, Modern units built in Japan.
